

# DocuPrint P225 d / P265 dw / M225 dw / M225 z / M265 z A4 Monochrome Printers

Delivering performance and productivity with clever connectivity

# Powerful, efficient performers

The Fuji Xerox DocuPrint P225 d / P265 dw / M225 dw / M225 z / M265 z are the perfect solution for personal use or small workgroups requiring high quality, efficient monochrome printing together with flexible connectivity capabilities.

### Performance and reliability

- **Speed and quality.** With a print resolution of up to 2400 x 600 dpi and printing speeds of 26 ppm across the 225 Series, and 30 ppm for the 265 Series, they deliver quality print results fast.
- All-in-one functionality. Multifunction models allow you to print, copy, scan and fax\* in an efficient, low cost device giving you maximum productivity.
- Clever features for reliable operation.
  Fuji Xerox is renowned for reliable printing.
  The DocuPrint P225 d / P265 dw / M225 dw /
  M225 z / M265 z are no exception with
  simple engineering and clever new ideas
  designed for trouble-free printing.

\*Only available on DocuPrint M225 z / M265 z

# Affordable, efficient printing

- Low cost hardware is only half of the story. Thanks to the separate toner and drum cartridge, you will only ever have to replace one component at a time. This results in maximum use of each component, longer operating times and cost savings.
- Save toner save cost. Toner save mode extends the life of the toner cartridge by varying the density of toner that is printed on a page.
- Use less paper and toner. The built in N-UP print feature gives users the ability to save on paper and toner by printing multiple pages on a single sheet of paper. This also reduces the overall cost of printing.

# Easily connect and print via your iOS or Android devices

# AirPrint and Google Cloud Print Ready

AirPrint<sup> $\mathbb{M}$ </sup> and Google Cloud Print<sup> $\mathbb{M}$ </sup> enables you to print directly from your mobile device without the need to download mobile apps or to install print drivers.

### Wi-Fi Direct

The DocuPrint P265 dw / M225 dw / M225 z / M265 z are Wi-Fi Direct™ certified, allowing devices to connect and print easily without requiring a wireless access point.

# Print Utility

Whether it's an iOS or Android device, the Fuji Xerox Print Utility puts mobile printing at your fingertips. Print stored photo albums, web pages or shoot and print on the go from your iOS or Android device.

**Fuji Xerox Print Utility** can be easily downloaded from the App Store for iOS and Play Store for Android devices.

**Print from anywhere** Google Cloud Print allows you to connect your printers to the web, so you can make your home and work printers available to you from the applications you use every day, from wherever you are.

DocuPrint M225 z 4-in-1 Wireless Multifunction Laser Printer

# Smart features increase productivity

# 2.7" Colour Touch Screen

The 2.7" colour touch screen available on the DocuPrint M265 z provides a clear, simple user interface that makes walk up functions easy to access.

### Duplex printing as standard

Enjoy increased productivity and cost savings with Duplex printing as standard across the entire printer lineup.

The DocuPrint M265 z also features a single pass Duplex Automatic Document Feeder (DADF) supporting duplex scanning and copying, delivering efficiency and productivity gains to any workspace.

# Clever ID Card Copying\*

The easy-to-use ID card copy feature allows you to copy both sides of the card onto the same side of the paper. Simply place an ID card both face up & down on the copier surface, pressing the start button each time. There is no need to change the position of the cards when copying the other side, as the feature automatically adjusts this for you.

\*Available on multifunction models

DocuPrint P225 d Network Laser Printer

DocuPrint P265 dw Wireless Laser Printer

DocuPrint M225 dw 3-in-1 Wireless Multifunction Laser Printer

DocuPrint M225 z 4-in-1 Wireless Multifunction Laser Printer

DocuPrint M265 z 4-in-1 Wireless Multifunction Laser Printer with single pass Duplex Automatic Document Feeder and 2.7" colour touch screen

<sup>&</sup>lt;sup>1</sup> Print/copy speed may decrease due to factors such as paper type, paper size, and printing conditions. <sup>2</sup> Measured diagonally. <sup>3</sup> Mac drivers are available by web download. <sup>4</sup> N-up for Mac (2,4,6,9, or 16). <sup>3</sup> Windows Only. <sup>6</sup> Max 1200 x 1200 dpi scanning with WIS (Windows Image Acquisition) driver in Windows Vista, Windows 7 and Windows 8. <sup>7</sup> ITU-T Test Chart, Standard resolution. <sup>8</sup> Declared yield in accordance with ISO/IEC 19752. Yield will vary based on image area coverage and print mode. <sup>9</sup> Drum yield may vary by the type of use. <sup>19</sup> Measured when the machine is connected to the USB interface. This product has been tested and found to comply with the Class 1 Laser Equipment requirements defined by the international standard IEC60825-1:2007 and has no light exposure hazard. The product has no hazardous light emission as it features light protection components and covers to shut in all light beam during operation and maintenance. Internal Laser radiation. Wave length: 770 - 800 nm. Output: 25 mW max. Laser Class: Class 3B

Reproduction Prohibitions Please note that reproduction of the following is prohibited by law:

Domestic and foreign currencies, government-issued securities, and national bonds and local bond certificates. Unused postage stamps, post cards, etc. Certificate stamps stipulated by law. Reproducing works forming the subject matter of copyright (literary works, musical works, paintings, engravings, maps, cinematographic works, drawings, photographic works, etc.) is not permitted unless the reproduction is for the purpose of personal use, family use or other similar uses within a limited circle.

For Your Safety

Before using the product, read the Instruction Manual carefully for proper use. Use the product with the power source and voltage specified. Be sure to establish ground connection. Otherwise, electronic shock may result in the case of a failure or short circuit.
